Hi Jane,

I need to spend down my NPDN grant (2F-243432R5) before it expires on July 31. So I need purchase orders ASAP. The attached zip file contains quotes for 3 orders. Justification is:
"Required for insect diagnostics."

I would appreciate it if all 3 orders could be processed using a credit card because this is more efficient, more secure and cheaper than archaic "bank wire transfers". We have used the New York Microscope Company and BioQuip as vendors in the past and both companies require prepayment.

Thanks for your help.

All the Best,

- Aubrey
